• The Facilities Department conducts Safety Committee meetings every other month which includes: the Director of Facilities, M&O, District Support Administrator and Emergency Preparedness parent volunteers from each school site.

• Contra Costa County Schools Insurance Group conducts annual safety trainings for all of our Maintenance and Operations (M&O) staff. Some of the training topics include: Slips, trips & falls, back safety, Cal OSHA and Sage Work Practices.

• Hazardous Materials inventory is done every year by Keenan & Associates.

• We also have “Lock Out/ Tag Out” and Asbestos Awareness trainings for our M&O staff.

• The district participates annually in the “Great Shakeout” statewide earthquake awareness drill.

• Multiple earthquake, fire drill and intruder alerts are conducted at all school sites throughout the year.

• There are 40’ containers stationed at every school site holding emergency supplies.
SAFETY

- The Director of Facilities, M&O attends the Contra Costa County safety committee meetings.
- The district ensures that annual summer weed abatement is performed at all sites to meet local fire department requirements.
- Annual fire extinguisher service and maintenance is completed annually.
- Annual elevator inspections at all school sites.
- Contra Costa County health service inspections are required annually in all school site kitchens.
- The district has Automated External Defibrillators (AED) in two of our school sites and hope to have them at all sites in the near future.
